Initial Inspections
(10/27/2009 - 04/27/2010)

Initial Inspection

- Signs of Rats
- Problem Conditions
- Passed Inspection
- No Data
- Tax Lots

Data source: Pest Control Services, NYC Department of Health and Mental Hygiene. Data is generally updated about one to three weeks after inspections, cleanups, and exterminations have been done. The data do not represent the severity of conditions found on a specific property. Not all violations issued by the Health Department are upheld following a hearing by the Department's Administrative Tribunal. Map produced by DOHMH Rat Information Portal on 04/27/2010.
